## Testimonial

Thank you for some fantastic Airbnb photos. Your photos truly showcase the beauty of our unit. We think more people will rent our unit because of your images, which is great for us!

## Project Summary

The client needed better property photos to capture the beauty of their unit. We were able to shoot and professionally edit photos that truly showcased the value of the boutique rental unit. We emphasized the natural light of the unit and colour graded the images to bring out the true colours.

Beautiful property photos are one factor in optimizing a rental property listing and this project served to improve the photos so that the host can rent their unit more frequently at higher rates.
